FOLLOW YOUR INSTINCTS

Travelling in a Challenger is not just a way of life, it's a real experience.

It's a great way to discover, share and enjoy – in short,
to hone your travel instincts!

For 2024, we remain loyal to the approach we adopted when we began
in 1985, with a strategy based on the right price:

**We are constantly searching for the optimal balance between
price and equipment, where quality, safety and comfort
are never compromised.**

MADE IN FRANCE

The Tournon-sur-Rhône factory

Surrounded by the vineyards of the Vallée du Rhône, the main manufacturing site at Tournon-sur-Rhône (Ardèche) is one of the largest in Europe, covering 200,000 m², or 33 football fields.

1985

FOUNDATION

25 February 1985: The CHALLENGER brand was launched with its first overcab, the 340.

1000

EMPLOYEES

Several different teams of professionals are needed to manufacture our motorhomes: carpenters, electricians, decorators, engineers, etc.

8600

MOTORHOMES & VANS

The number of vehicles sold by Trigano VDL during a single season.

CAMPUS

TRIGANO

This is the place where our dealers are trained. In addition, classes were recently organised at the factory for new employees.

STRIKING INNOVATIONS

Each of the two benches can quickly be transformed into **comfortable (ISOFIX-certified) seats for road travel.**

The Isofix system makes it easier to install the car seat **and adds a third anchor point to keep your children safe.**

This ultra-smart concept proves that storage is no problem, even in a compact motorhome:

- **On the outside**, you can easily adjust the garage height to store a scooter or bikes.
- **On the inside**, there are many easy-to-reach storage areas.

The EasyBed system lets you raise or lower the bed to **adjust the size of the garage hold area according to your needs.**

NEW

RANGE
X250

A TAILOR-MADE DRESSING ROOM

The **Smart Dressing Room** system lets you raise or lower the wardrobe to adjust the size of the garage hold area according to your needs. In the lowered position, your wardrobe becomes a whole other room.

OUR MODELS

At Challenger, we have chosen benchmark brands, with a chassis specifically designed for motorhomes and an after-sales network specially equipped and trained for the leisure market.
