

At the heart
of your adventure

 **Challenger**

SINCE 1985

40 YEARS OF TECHNICAL EXPERTISE, PEACE OF MIND AND USER FRIENDLINESS:

CHALLENGER, AT THE HEART OF THE ADVENTURE OF A BRAND
WHICH HAS BROUGHT MOTORHOMES TO A WIDER PUBLIC.

40 years ago, a group of devotees decided to pursue a dream: **create a well-equipped motorhome at an affordable price.**

Right from the outset, we have been committed to offering our customers **reliable, safe and innovative vehicles, and providing them with the latest technological and technical advances.**

Bringing together technical expertise, peace of mind, user-friendliness and innovation, **CHALLENGER has reimagined the art of motorhome travel.**

Yet beyond mere technical performance, our ergonomic design and high-quality materials enable us to **create genuine living spaces where it is real joy to relax, recuperate and reconnect to the natural environment.**

Together, we have already come a long way, and many of you have flown the flag for us.

This year, Challenger is offering you a **complete new range of vehicles** (from vans to A-Class) **as well as new models that are unique on the market!**

UNIQUE EXPERTISE AND FRENCH DESIGN

Surrounded by the vineyards of the Rhône Valley, the main manufacturing site at Tournon-sur-Rhône (Ardèche) is one of the largest in Europe, covering 200,000 m², or 33 football fields.

1000 EMPLOYEES
carpenters, electricians, decorators, engineers, etc.

8500 MOTORHOMES & VANS
made by Trigano VDL during a single season.

TRIGANO CAMPUS
This is the place where the dealership personnel are trained; school attached to the plant.

ESSENTIAL FEATURES

INCREASED AUTONOMY

Option of adding solar panels, second battery and +/- 100L water tank

WEIGHT SAVING, MORE TIME, MORE COMFORT

Vehicle fuel heating, usable on the road

AN EASY-TO-USE TECHNICAL AREA

All-in-one Technibox

EASY STORAGE WHILE SAVING SPACE

Garages with heating and lighting, equipped with electrical sockets and 2 access doors (except X series)

OPTIMISED WATER FLOW

Thanks to the shower tray with double drain

AN ALL-WEATHER VEHICLE

7-YEAR WATER INGRESS WARRANTY*

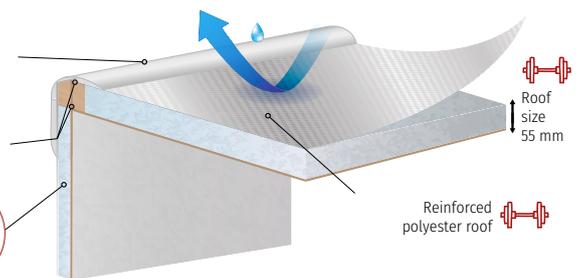

DOWN TO -15 °C

IRP STRUCTURE

Better **Insulation**
Better **Resistance**
Better **Protection**

Whatever the finish level, the structure of our living areas adheres to the same high quality standard.

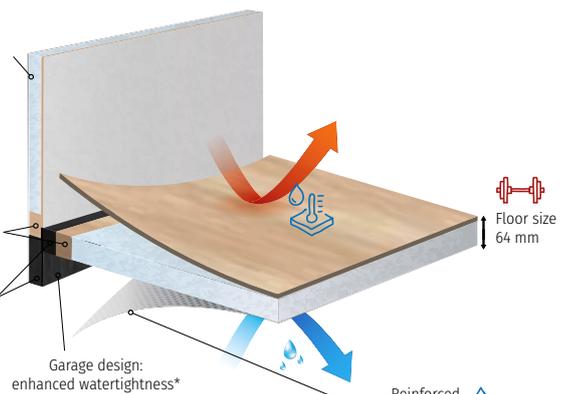

GRADE 3

Market-leading insulation certified by a standard.

Standard EN1646-1 is unquestionable: To be awarded its highest level (Grade 3), it needs to be proven that, at an outdoor temperature of -15 °C, the temperature inside the vehicle is able to reach +20 °C within 4 hours.

Our tests have proven it; both our low profiles and overcabs** are designed **to endure harsh winters and temper the summer heat.**

Of course, in the case of exceptionally cold weather, external thermal blinds for the cab should be used (offered as an optional extra).

REMARKABLE INNOVATIONS

SMART LOUNGE

A very smart lounge concept combining comfort, aesthetics and functionality.

The 2 ISOFIX-certified benches can quickly be transformed into comfortable seats for road travel.

MODELS
250 260 270 328 337 380

DUOBED

An ultra-smart concept proving that storage is no problem, even in a compact motorhome.

MODEL
380

• On the outside:
the height of the garage hold can easily be adjusted for bike storage.

• On the inside:
multiple easily accessible storage spaces.

MODELS **S194 S294**

MODELS **328 337**

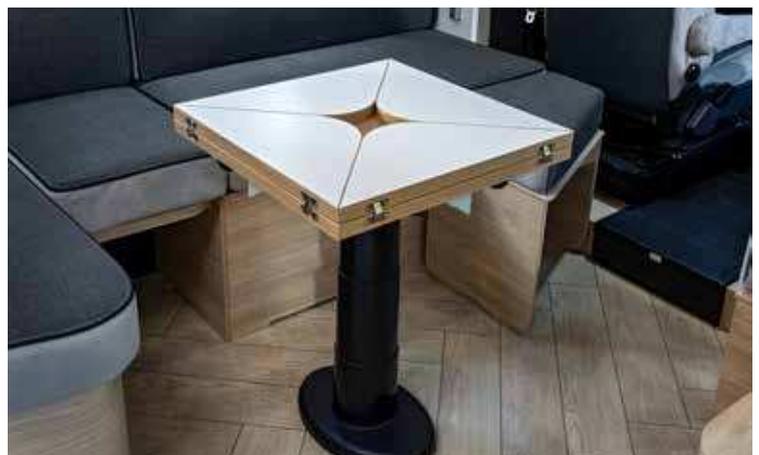

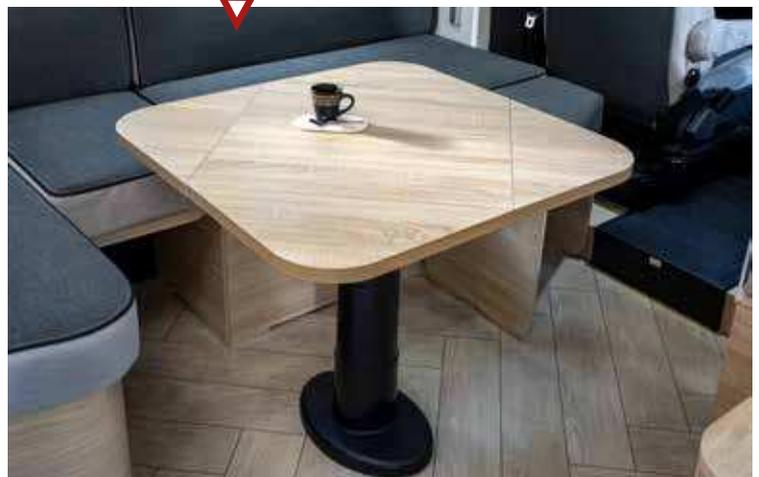

T-SYSTEM

T-SYSTEM

Electrically adjust the table height for an ideal setting.

The T-system is perfect when you lower the fold-down bed.

The space becomes modular thanks to the discreet and smart Tulip table. A unique CHALLENGER innovation.

CHOOSING A BASE VEHICLE!

At CHALLENGER, we have opted to employ benchmark brands, with a chassis specifically designed for motorhomes and an After-Sales network specially equipped and trained for the leisure market.

IMPORTANT INFORMATION

- The towing equipment can, in certain cases, change the number of passengers on the car registration papers. Your dealer will be able to give you more information.
- Kerb weight: the kerb weight includes the weight of the driver (75 kg), 20 L of clean water, 90% fuel and 100% gas. The kerb weights indicated take into account only standard ex-works equipment. A difference of +/- 5% in the kerb weight is accepted by EU regulations. The manufacturer reserves the right to change this kerb weight.
- You may be able to find certain heavy accessories like large blinds or batteries in the marketplace. The weight of these accessories should be deducted from the payload and could possibly lead to a reduction in the actual passenger numbers. It is therefore important not to exceed the maximum loads on axles and the technically acceptable loaded weight when the vehicle is fully loaded.
- The clean water tank capacity approved for road use is 20 L, and must comply with the regulations governing the technically acceptable laden weight. It is up to the user to adapt the loads and the number of passengers to the vehicle's loaded weight. To do this, the clean water reservoir capacity can be adjusted by the user to avoid reducing the number of passengers.
- Some models photographed in this catalogue may be shown with equipment supplied as an option. The characteristics of photographed models may vary from one country to the next. Despite the care taken in producing this catalogue, this cannot be viewed as a contractual document. CHALLENGER RESERVES THE RIGHT TO MODIFY ITS MODELS WITHOUT PRIOR NOTICE. CHALLENGER CANNOT BE HELD LIABLE FOR ANY MODIFICATIONS MADE BY ITS SUPPLIERS NOR TYPOGRAPHICAL ERRORS WHEN PRINTING THESE DOCUMENTS. It is forbidden to reproduce any text or documents, even in part. Do not litter the public highway.
- Your retailer is at your disposal to advise you and provide you with any additional information. The vehicles have been type-approved in accordance with Directive 2007/46 and comply with current European regulations.
- Where there are multilingual versions, the French text is the binding version.

FEEDBACK

X RANGE — SPACE REIMAGINED

The X150 and X250 may be compact, but both have large, cleverly designed wardrobes, so you can take all the essentials with you... and much more besides.

Smart design, generous storage, an adventurous spirit: freedom takes on a new dimension.

FEEDBACK

OVERCABS — SLEEP LIKE YOU'RE AT HOME, ENJOY A DIFFERENT WAY TO TRAVEL!

Our overcabs are designed to welcome the whole family for complete peace of mind.

Thanks to their spacious, cleverly arranged sleeping spaces – an overcab bed for the children, a convertible bed in the dining nook and a comfortable bed for the parents – there's space for everyone to enjoy a peaceful night's sleep.

Because sleeping well as a family means better travels.
